

The Advanced Preflight & Team Preflight Contest (1-3 PM)

The Advanced Preflight concept takes a deeper look at the preflight inspection. It's not good enough to "kick the tires and light the fire", "first one airborne is lead & we'll brief on guard"!! Those days are over and for good reason, it didn't work as envisioned. We will take another look at the common preflight and the 31 items an owner/operator is allowed to mess with before an A&P intervenes. We will also hold a team preflight contest to see how many items you really look at during your preflight.

Directions: The safety seminar tent is located just north of the food service tent.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

Event Details

Sat, Aug 23, 2014 - 13:00 PDT

Ferry County Airport

Northeast of Republic

Off Hwy 21

Republic, WA 99166
